If you are already registered with LCACE, you will not need to register again, registration on this site works for both LCACE and Inside Out Festival events. Once you are registered and have received a registration confirmation email, please login on the Inside Out Festival 2010 page:

You will then be able to book for events by clicking on the 2010 Festival link to the left of the screen. Select the event you wish to attend, scroll down the event page and click on 'Book now'. Your bookings will appear when you are logged in to the IOF10 page under 'my events' where you will be guided through to a paypal cart for paying events.
